Vieques

Side table Teak legs

Description

Vieques is a collection characterised by the combination of an aluminium frame with a new and revolutionary three-dimensional fabric, Nido d'Ape, with exceptional technical features, created especially for this collection and exclusively for Kettal.

Information

Cleaning Instructions

Use a soft cloth, warm water and pH neutral detergent.
Do not use: acids, ammonia, abrasive powders, window cleaners and so on.

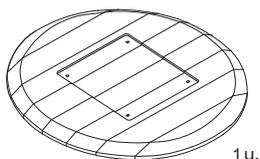

We recommend treating the wood with sealer every three months, or more frequently in the case of hotel and catering establishments. To restore the teak to its original appearance, sand the entire surface and apply the sealer.

If accidental contamination or splashing of strong alkalis or acids occurs, wash the affected area with a large amount of clean water, especially cut-outs or holes and cavities.

This product is suitable for indoor and outdoor.
